

## Merchant of the Week

# Old Dock Grill

By Melissa Argueta

Long Island is known for its gourmet delicatessens, but few compare to Old Dock Grill in Yaphank. Family-owned and-operated, Manager AnneMarie Tavella presides over this quaint neighborhood eatery, which recently held its grand opening. Step inside and you'll immediately feel at home with its cozy interior and friendly service for sit-down or take-out orders.

Serving only the finest quality food products, AnneMarie explains that Old Dock Grill offers much more than the average corner deli. "At Old Dock Grill, we want customers to feel like they're eating a good, home-cooked meal. Whether patrons try our chicken soup or sample Grandma's famous meatballs with sauce, all of our dishes are homemade from scratch, with all fresh ingredients."

The expansive menu offers many options for breakfast, including freshly brewed coffee and teas, juices, muffins, egg sandwiches, breakfast platters

with toast and home fries, pancakes, bagels, baked goods, yogurt parfaits and more. For lunch, choose from an array of salads, homemade soups, a full line of Boar's Head products and cold cuts, 8-ounce Angus hamburgers, chicken quesadillas, grilled paninis, signature sandwiches, and wraps. A daily list of house specials, steamed table foods and diners to grab-and-go are also featured here.

AnneMarie is thrilled by the response from patrons since first opening its doors. "Customers have told us we have the best coffee in town and that our chocolate chip cookies are to die for. We are extremely proud to offer so many quality food products and we guarantee you'll be happy you chose us." For customer convenience, menus for parties, holiday office parties or corporate events, fax and online ordering and delivery services are available. Patrons can request to join the e-mail list and receive coupons and a list of daily specials.
